

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2014-01
PEACE OFFICERS PROCEDURAL BILL OF RIGHTS II

MARCH 12, 2014

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Peace Officers Procedural Bill of Rights II (POBOR II) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On December 1, 2011, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim statutes impose a partially reimbursable state-mandated program upon local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city, county as defined in GC sections 17511 and 17515 that have been the traditional law enforcement provider of the state, or some special districts that have been granted statutory authorization to perform police protection activities named in GC section 53060.7*, which incurs increased costs as a result of this mandate is eligible to claim for reimbursement to those costs.

* These special districts include (1) the Bear Valley Community Services District, (2) the Broadmoor Police Protection District, (3) the Kensington Police Protection and Community Services District, (4) the Lake Shastina Community Services District, and (5) the Stallion Springs Community Services District.

Reimbursement Claim Deadline

Initial reimbursement claims must be filed within 120 days from the issuance date of the claiming instructions. Costs incurred for compliance with this mandate are reimbursable for fiscal year **2002-2003** through **2012-2013** and must be filed with the SCO by **July 10, 2014**. Claims for fiscal year 2013-14 must be filed with the SCO by **February 17, 2015**. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Period of reimbursement begins July 1, 2002,
or later for specified activities added by subsequent statutes.

I. SUMMARY OF THE MANDATE

On December 1, 2011, the Commission on State Mandates (Commission) adopted the test claim statement of decision finding that the test claim statutes impose a partially reimbursable state-mandated program upon local agencies within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514. Specifically, the Commission found that specified notices required to be provided to an officer in order to take disciplinary action, activities regarding providing access to officer personnel files, and the notice requirements to search an officer's locker imposed an incremental higher level of service above what was required under prior law.

II. ELIGIBLE CLAIMANTS

Any city, county, city and county, or special police protection district named in Government Code section 53060.7 that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of those costs.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The City of Newport Beach filed the test claim on September 26, 2003, establishing eligibility for reimbursement on or after July 1, 2002. Therefore, costs incurred pursuant to Government Code sections 3304, 3306.5, and 3309 are reimbursable on or after July 1, 2002. However, because Government Code section 3312 was effective January 1 2003, costs incurred pursuant to Government Code section 3312 are reimbursable on or after January 1, 2003.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560(a), a local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.

4. If revised claiming instructions are issued by the Controller pursuant to Government Code section 17558(c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Government Code section 17560(b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564.
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, timesheets, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

Claimants may use time studies to support salary and benefit costs when an activity is task-repetitive. Activities that require varying levels of effort are not appropriate for time studies. Time study usage is subject to the review and audit conducted by the State Controller's Office.

For each eligible claimant, the following activities are reimbursable:

1. Draft, review, edit, and approve a written notice and give it to a chief of police that is dismissed when the charges supporting the dismissal *do not* damage the chief of police's ability to find other employment and trigger existing notice requirements under the due process clause of the United States and California Constitutions. Written notice must be accompanied by the reason or reasons for the dismissal. (Gov. Code, § 3304(c), Stats. 1998, ch. 786.)
2. Within one year of discovery of any misconduct, draft, review, edit, and approve a written notice and give it to the peace officer being investigated, stating that he or she may face disciplinary action after the investigation is completed. (Gov. Code, § 3304(d), Stats. 1998, ch. 786.)

3. After the investigation and any predisciplinary response or procedure utilized by the employer, draft, review, edit, and approve a written notice that the employer has decided to impose discipline on the officer and give it to the peace officer. (Gov. Code, § 3304(f), Stats. 1998, ch. 786):
 - a. Dismissal, demotion, suspension, salary reduction or written reprimand received by probationary and at-will employees whose liberty interest *are not* affected (i.e., the charges supporting a dismissal do not harm the employee's reputation or ability to find future employment);
 - b. Transfer of permanent, probationary and at-will employees for purposes of punishment;
 - c. Denial of promotion for permanent, probationary, and at-will employees for reasons other than merit; and
 - d. Other actions against permanent, probationary, and at-will employees that result in disadvantage, harm, loss or hardship and impact the career opportunities of the employee.

Conducting investigations and the filing and service of the written notice are not reimbursable activities.

4. On or after January 1, 2003, draft, review, edit, and approve a notice in order to take any of the following disciplinary actions for wearing a pin or displaying any other item containing the American flag (Gov. Code, § 3312 (Stats. 2002, ch. 170)):
 - a. Dismissal of a probationary or at-will officer when the charges supporting the dismissal *do not* damage the officer's ability to find other employment;
 - b. Demotion, suspension, salary reduction, or written reprimand of a probationary or at-will officer;
 - c. Transfer for purposes of punishment of a permanent, probationary, or at-will officer;
 - d. Denial of promotion to a permanent, probationary, or at-will officer; and
 - e. Other actions against permanent, probationary, or at-will officer that result in disadvantage, harm, loss, or hardship and impact the career opportunities of the officer.

The notice must include: (1) a statement that the officer's pin or other item violates an existing rule, regulation, policy, or local agency agreement or contract regarding the wearing of a pin, or the displaying of any other item, containing the American flag; (2) a citation to the specific rule, regulation, policy, or local agency agreement or contract that the pin or other item violates; and (3) a statement that the officer may file an appeal against the employer challenging the alleged violation pursuant to the applicable grievance or appeal procedures adopted by the department or public agency that otherwise comply with existing law.

5. Perform the following activities upon receipt of a request by an officer to inspect his or her personnel file (Gov. Code, § 3306.5):

Counties

Permit a peace officer to inspect letters of reference and records relating to the investigation of a possible criminal offense if they are used or have been used to determine that officer's qualifications for employment, promotion, additional compensation, or termination or other disciplinary action. (Gov. Code, § 3306.5(a) (Stats. 2000, ch. 209).) Under these circumstances, the following activities are eligible for reimbursement:

- a. Make the personnel file or copy thereof available within a reasonable period of time after a request therefor by the officer. (Gov. Code, § 3306.5(b), Stats. 2000, ch. 209.)

This activity does not include scheduling an appointment to inspect personnel file, monitoring the officer while he or she reviews information, or paying the officer for time away from normal duty.

- b. File in an officer's personnel file a copy of the officer's written request to correct or delete a portion of the officer's personnel file, which the officer believes to be mistakenly or unlawfully placed in the file. (Gov. Code, § 3306.5(c), Stats. 2000, ch. 209.)
- c. Within 30 calendar days of receiving an officer's request to correct or delete a portion of his or her personnel file pursuant to Government Code section 3306.5(c), review the request and either:
 - i. Grant the request and make the requested changes to the personnel file; or
 - ii. Notify the officer of the decision to refuse the request. If the employer refuses to grant the request, in whole or in part, the employer shall state in writing the reasons for refusing the request, and that written statement shall become part of the personnel file of the officer. This activity includes drafting, reviewing, editing, and approving the written statement, and filing the written statement in the officer's personnel file. (Gov. Code, § 3306.5(d), Stats. 2000, ch. 209.)

Cities and Special Police Protection Districts Named in Government Code Section 53060.7

- a. Permit a peace officer to inspect personnel files at reasonable times and intervals, and during usual business hours, upon request by the officer. The personnel files that an officer may inspect are limited to those that are used or have been used to determine that officer's qualifications for employment, promotion, additional compensation, or termination or other disciplinary action. (Gov. Code, § 3306.5(a), Stats. 2000, ch. 209.)

- b. Make the personnel file or copy thereof available within a reasonable period of time after a request therefor by the officer. (Gov. Code, § 3306.5(b), Stats. 2000, ch. 209.)

This activity does not include scheduling an appointment to inspect personnel file, monitoring the officer while he or she reviews information, or paying the officer for time away from normal duty.

- c. File in an officer's personnel file a copy of the officer's written request to correct or delete a portion of the officer's personnel file, which the officer believes to be

mistakenly or unlawfully placed in the file. (Gov. Code, § 3306.5(c), Stats. 2000, ch. 209.)

- d. Within 30 calendar days of receiving an officer's request to correct or delete a portion of his or her personnel file pursuant to Government Code section 3306.5(c), review the request and either:
 - i) Grant the request and make the requested changes to the personnel file; or
 - ii) Notify the officer of the decision to refuse the request. If the employer refuses to grant the request, in whole or in part, the employer shall state in writing the reasons for refusing the request, and that written statement shall become part of the personnel file of the officer. This activity includes drafting, reviewing, editing, and approving the written statement, and filing the written statement in the officer's personnel file. (Gov. Code, § 3306.5(d) (Stats. 2000, ch. 209).)
6. Notify an officer, either orally or in writing, that a search of the officer's employer assigned locker or storage space will be conducted, if during the course of an investigation into officer misconduct an employer determines it is necessary to conduct a search of the officer's employer assigned locker or storage space. For written notices this also includes drafting, reviewing, editing, and approving the notice. (Gov. Code, § 3309, Stats. 1976, ch. 465.)

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor

bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1., Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both: (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B).

The distribution base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total

allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or

2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5(a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenue the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558(b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 90 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561(d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557(d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The statements of decision adopted for the test claim and parameters and guidelines are legally binding on all parties and provide the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record is on file with the Commission.
